## OVERVIEW

I am a Danish citizen who in 2022 attends Framingham State University, Massachusetts and played college soccer for the Rams at the 2022 fall season, where I was starting striker, selected the MASCAC Conference Rookie of the Year and earned a spot on the All Conference First Team.

In 2020 I was on a football scholarship at Oldham Athletics in Manchester, England, attending regularly in practices with the men's first team which are playing in EFL League 2 and further participated in one practice game with the men's team. However, after long considerations I decided to pursue the academic career as well as playing college soccer.

In 2021-22 I returned to high school and graduated from Winthrop High School, Massachusetts while playing for the Varsity Team, The Vikings. During the season I played 17 games, scoring 23 goals and making 8 assists. During the Spring 2022 I have played for Aztec Soccer Club, Boston. I have previously had the majority of my schooling from the American International School of Muscat (TAISM), Sultanate of Oman.

## COLLEGE CAREER OBJECTIVE

My goal is initially to pursue a bachelor's degree in Psychology while continue playing soccer. Athletically I have a strong drive to excel and compete at the highest possible level and take the responsibility needed to make me and my team a success.

Very versatile player with a strong ability to read the game and communication skills. Calm and composed.

Technically well-founded front player who can play all attacking positions as he possesses an excellent first touch, good quality with both feet explosive speed. Mostly used as a striker/no. 9, who with good vision is also able to set up the other attackers as holding player. As winger able to use the speed and moving inside to simple clinical finishes.

Has also previously also played as a modern-day Center Back. The ideal defender for teams who likes to play out from the back by being very comfortable in possession and can pass the ball with accuracy over various distances. Equally comfortable bringing the ball out from the back and setting up attacks. Has when playing the defensive positions played Central Defensive Midfielder to take advantage of his vision and passing skills.
